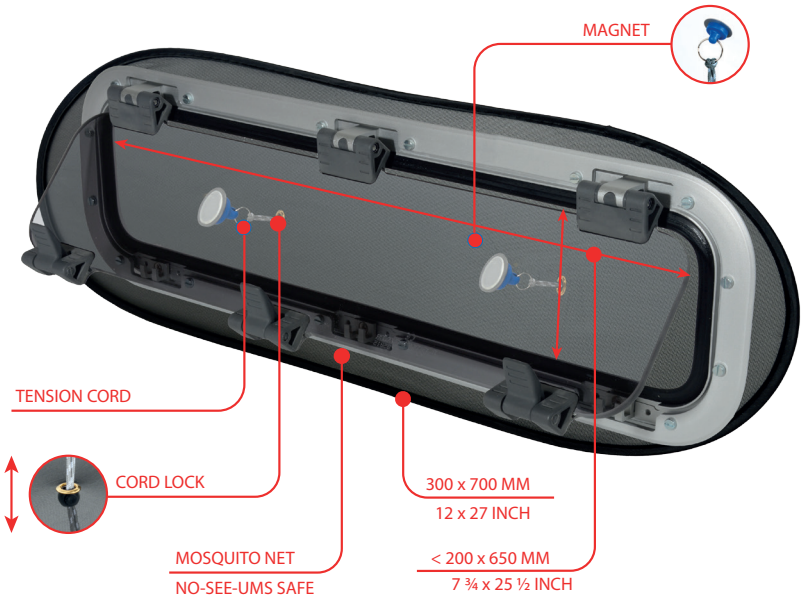
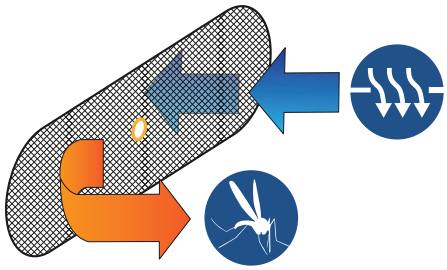
Mosquito net

for large portlights

Art No
1435
300x700 mm
12”x27”





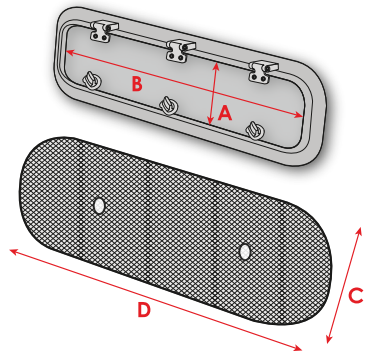
A universal sized mosquito net that fits all brands of portlights. Set up from the inside with a suction cup or magnet. The mosquito net should be larger than the “cut out” size to cover the hatch opening. It will also fit different shapes: rectangular, square and round hatches and port-lights. All mosquito net comes with both a suction cup and a magnet. Storage bag inlcuded.

Magnet set up

The new way to fasten a mosquito net portlight. A small metal plate is taped to the hatch with double sided tape. The magnet can easily be placed on the metal plate. Magnet solution is included in every package.

- Pop up = 5 sec. mounting
- Fast mounting with magnet
- Fits all brands of portlights
- Set up from the inside
- Dence net – keeps out mosquitoes, sand flies, No-See-Ums, gnats, wasps etc.

Measure



A x B	max. 200 x 650 mm (7¾” x 25½”)
C x D	300 x 700 mm (12” x 27”)
